International Drivers Association (IDA) was founded in 1992 in Vienna, Austria.

INTERNATIONAL DRIVING PERMIT FEATURES

Required to drive and rent a car abroad

01. Conforms to the standards of Vienna and Geneva UN conventions "On Road traffic".

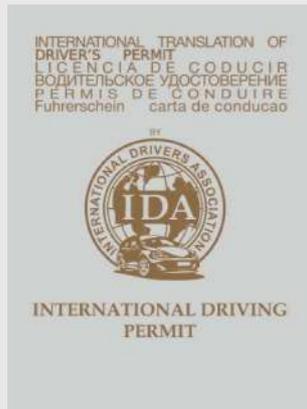

02. Each document is registered in the United Austrian IDP database with ability to check the current status of the document online.

03. IDP is valid in more than 170 countries.

4. Questionnaire to apply for the IDP is completed online from any place in the world:
www.ida.or.at/order

5. The document is ready within 2-3 hours.

06. IDP is valid for 3 years but not longer than the validity date of the national driving license.

International Driving Permit (IDP) - is an additional document to the National Driving License (NDL) in the form of A6 booklet with the translation to 11 international languages that confirms the right to operate motorized vehicles outside of own country.

Driver's ID card (ID) - completes the IDP with important information:

- driving experience - in various car rentals affects the size of the deposit sum blocked on the bank card and can be useful in order to get better car insurance rate;
- QR code - scanning it automatically redirects you to the United Austrian Database to check the status of your IDP.

National Driving License - is made according to the International standards but does NOT have a status of International Driving Permit
